SUMMARY

I am currently pursuing a B.Tech in Information Technology with a strong passion for web development, focusing on creating responsive and engaging web designs. As a quick learner, I am actively advancing my skills in React and artificial intelligence, while continuously building a solid foundation in data structures and algorithms. Open to opportunities that align with my interests, I am eager to contribute to innovative projects and deepen my expertise in the tech industry.

PROFESSIONAL EXPERIENCE

CodSoft   **May 2024- June 2024**

- Successfully completed assigned tasks using HTML, CSS, and JavaScript, contributing to the development of interactive front-end components.

Edumoon   **Jan 2024- Present**

- Designed various thumbnails, posters, and marketing materials to enhance the organization's online presence.

PROJECTS

- **Pantry tracker (Next.js)**

  Developed an application that accepts grocery items as input,
  verifies their expiration dates, and provides reminders for
  items that are nearing expiration.

- **Textutils(React)**

  Developed a basic application which is used to manipulate the text

- **NewsApp(React)** in progress

  Developed basic app that fetch news from NewsAPI

SKILLS

- Languages: C,C++, Java, Python
- Front-end: HTML, CSS, JavaScript, React
- Tools: Canva
- Soft Skills: Communication, Teamwork, Leadership, Problem-Solving

EDUCATION

Bachelor of Technology in Information Technology(2023-2027)

Andhra University
CGPA: 8.77

VOLUNTEER WORKS

- **Edumoon core member**
  Conduct Workshops, Quizzes helpful for students
- **Women Techies Head**
  Facilitated hands-on coding workshops for female developers, resulting in a noticeable increase in participants' confidence and skills in programming languages like Python and JavaScript.

CERTIFICATES

- GEN AI from GUVI
- Responsive Web Design from FreeCodeCamp

SHORT TERM GOALS

- Enhance skills in data structures and algorithms (DSA) to improve problem-solving capabilities.
- Develop and complete personal projects to apply theoretical knowledge practically.
- Gain hands-on experience in web development frameworks and tools.
- Explore opportunities in artificial intelligence to broaden my skill set.

HOBBIES

- **Solving Problems**

  I enjoy tackling complex problems and challenges, which helps sharpen my analytical skills.

- **Playing Puzzle Games**

  Games like Sudoku, crosswords, and strategy-based games stimulate my critical thinking and creativity.

- **Dancing**

  In my free time, I enjoy dancing as it brings me a sense of peace and relaxation.
